**Construction  
Methods and Equipment**

Volume 36

Jan. - Dec. 1954

•

*A McGraw-Hill Publication*

## A

### ACCESSORIES

- Give Your Brakes a Break, July, 144  
Repair and Retread Those Big Tires, July, 134  
Taming of the Exhaust (Diesel), June, 76

### AIRPORTS

- Air Force Base Gets Thick Pavement, April, 54  
Pavement Overlay Modernizes Airport Apron by Wilbur A. Blain, June, 78

### ARBITRATION

- How to Avoid a Lawsuit, November, 106

### AUCTIONS

- A Report on Three Auctions. . . What Is Used Equipment Worth?, by Ralph H. Lewis, October, 50  
Phe-e-ww! ! !, Feb., 53  
"What Am I Bid?" 3-Day Auction at Boston Moves 473 Pieces of Equipment, Feb., 90  
Another Auction. . . Inconclusive Results, March, 148

## B

### BLASTING

- Improved Methods Help Explosives Do a Better Job, June, 94  
Skillful Blasting on New York Thruway Shatters Rock Safely on Edge of Town, May, 82

### BOOK REVIEWS

- Tunnel Lore for Young and Old, "Famous Subways and Tunnels of the World", Feb., 130

### BRIDGES

- Assembled Under Water Precast Shells Become Bridge Piers by L. L. Wise, March, 62  
Highway Construction Is Big . . . And It Uses Big Equipment, September, 58  
Cranes and Dinky Roll on Temporary Bridge Around Curve to Build Piers for Railroad Bridge by Joseph Goff, April, 67  
Floating-in Speeds Bridge Erection, November, 50  
Land-Type Equipment Builds Bridge off Wood Trestle and Finger Pier, March, 106  
Mobile Scaffold Saves Man-Hours of Rigging, Feb., 61  
New Type of Floating Bridge, March 75  
Pier Form Is Safe, Strong, and Simple, November, 120  
Precast Shells Become Bridge Piers by L. L. Wise, April, 64  
Prestressed Bridge Beams Cast-in-Place, May, 148

### BUILDINGS

- Box-Shaped Girders Make Rigid Bents, May, 160  
Builders Use Crane, Towers to Erect Arches, December, 90  
End-Welded Studs . . . Support Wall Panels, September, 135  
Fork Truck Erects 50-ft Trusses, March, 73  
Light Panels Cover Buildings Rapidly, April, 108  
Place Steel Roof Deck Fast, Jan., 56  
Precast Structural Members Produced on Floor Slab of Beef Exhibit Barn, April, 78  
Slash Warehouse Construction Costs, September, 54  
Steel Frame Goes Over Entrance, December, 40  
They Beat the Clock, August, 142  
Truck Crane Works From 40-floor Level, March 79

## C

### CANALS

- Asphalt Paver Has Long Reach, December, 55  
Good Equipment Ideas Reduce Project Time, November, 72  
Old Ditch Becomes New Canal, December, 52  
Single-Slope Liner Easy to Move, November, 58

- Sonora Opens Area to Irrigation by Mary Saint Albans, May, 66

### CHIMNEYS

- Chimney Reaches Record Height in 71 Pours, December, 60

### CONCRETE

- Air Force Base Gets Thick Pavement, April, 54  
Assembled Under Water, Precast Shells Become Bridge Piers by L. L. Wise, March 62  
Big Equipment Builds Chief Joseph Plant, June, 62  
Chimney Reaches Record Height in 71 Pours, December, 60  
Cold Weather Concreting, Feb., 62

- Concrete Mixing and Placing Part 4. Scale Adjustments and Weighing Tolerances by T. B. Appel, Jr., Jan., 98

- Concrete Mixing and Placing, Part 5: Highway and Airport Concrete Plants, Feb., 66

- Concrete Mixing and Placing, Part 5a. Highway and Airport Concrete Plants by T. B. Appel, Jr., March, 121

- Concrete Mixing and Placing: Part 6a. Permanent Plant Facilities, April, 135

- Concrete Mixing and Placing by Theodore B. Appel, Jr., Part 6b: Permanent Plant Facilities, May, 105

- Concrete Mixing and Placing, Part 7. Ready-Mixed Concrete Plants by Theodore B. Appel, Jr., June, 110

- Concrete Mixing and Placing, Part 8. Plants for Mass Concrete by T. B. Appel, Jr., August, 112

- Concrete Mixing and Placing, Part 9. Controls for the Large Plant, by Theodore B. Appel, Jr., September, 100

- Concrete Mixing and Placing, Part 10. How to Plan Forms in Detail by Alan H. Pilling and Martin W. Boll, October, 108

- Concrete Mixing and Placing by Alan H. Pilling and Martin W. Boll, Part 10a: How to Plan Forms in Detail, November, 50

- Concrete Mixing and Placing, Part 10b: How to Plan Forms in Detail by Alan H. Pilling and Martin W. Boll, December, 75

- Concrete "Pot-Shots" Line Difficult Tunnel, Feb., 86

- Cranes and Dinky Roll on Temporary Bridge Around Curve to Build Piers for Railroad Bridge by Joseph Goff, April, 67

- Elevated Highway Job Bristles With Good Ideas . . . by H. T. Perez, January, 82

- Forming and Pouring Concrete at Same Time Results in Sharply Reduced Project Costs, May, 87

- Huge Concrete Tanks are Prestressed, Jan., 50

- Old Reservoir Restored by Gunned Concrete by William B. Johnson, August, 135

- Pavement Overlay Modernizes Airport Apron, June, 78

- Pave Turnpike With Plant-Mixed Concrete, December, 63

- Precast Shells Become Bridge Piers by L. L. Wise, April, 64

- Precast Structural Members Produced on Floor Slab of Beef Exhibit Barn, April, 78

- Prestressed Bridge Beams Cast-in-Place, May, 148

- Shea Removes Track and Cleans Out Tunnel Invert at Lower Cost, September, 70

- Slash Warehouse Construction Costs, September, 54

- Small but Tricky Pour Makes Unique Dome, June, 67

- Sonora Opens Area to Irrigation by Mary Saint Albans, May, 66

- Steel Strapping Secures Forms on Big Columns, September, 126

- The Latest in Slipform Pavers, November, 90

### CONSTRUCTION EQUIPMENT NEWS

- Jan., 146; Feb., 160; March, 188; April, 188; May, 188; June, 180; July, 212; August, 174; September, 168; October, 180; November, 144; December, 129

### CONSTRUCTION NEWS IN PICTURES

- Jan., 42, 47; Feb., 44, 48; March, 46; April, 46; May, 44; August, 44; September, 40; October, 42; November, 44; December, 46

### CONSTRUCTION ROUND THE WORLD

- April, 50; May, 48; August, 48

### COST CONTROL

- The Construction Dollar: Seven Helps to Spending It Wisely by H. E. Whitney, Feb., 116

### COVER SUBJECTS

- Koehring Crane at Mississippi River Dam, Jan., 2  
Wheeling Tri-Rib Steel Roof Deck Goes on University Field House, Feb., 2  
Southwest Rubber-Tired Compactor Towed by Caterpillar DW21 Tractor, March, 2  
Felker DiMet Saw Cuts Transverse Joints on Concrete Pavement, April, 2  
Adams Grader on Country Road, May, 2  
Moretrench Wellpump With GM Diesel Keeps Big Ditch Dry, June, 2  
A Special Report on Equipment Maintenance, July, 2  
Allis-Chalmers Crawler Dozing for New Road in Idaho, August, 2  
Pettibone Mulliken Hais Bucket Loader fills Trucks, September, 2  
TVA Gradall Digs Footings for Steam Plant Foundations, October, 2  
Huber Roller Compacts New Asphalt Pavement Behind Barber-Greene Paver, November, 2  
Caterpillar W10 Wagon Helps Santa and Cub Scouts Haul Christmas Gifts, December, 2
- ### CRUSHING AND SCREENING
- Folsom Dam Construction in Full Stride by L. L. Wise, August, 54  
Mountain of Gravel Serves Alcan Project, December, 110  
Two-Unit Portable Plant Supplies Turnpike Base, May, 41

## D

### DAMS

- Big Equipment Builds Chief Joseph Plant, June, 62  
Equipment Geared for Big Fill Job by L. L. Wise, September, 50  
Folsom Dam Construction in Full Stride by L. L. Wise, August, 54

### DEWATERING

- Deep-Well Pumps Dewater Open-Sheeting Cofferdams, December, 70  
Electricity Stiffens Clay Fivefold for Electric Plant Excavation by Richard Loughney, August, 70

### DRILLING

- Air-Blast Drilling, September, 132  
Bolts Secure Slab to Canyon Wall, August, 58

Contractor Licks Tough Footing Job, Jan., 176  
 Drill Jumbo Speeds Tailrace Excavation, October, 148  
 Grouted Rails Pin Sliding Railroad Bank, February, 54  
 Hole-in-One Operation, February, 113  
 Picture of the Month, August, 40  
 Self-Contained Crawler Drills Save Time and Manpower, December, 58  
 Unique Drill Rig Rides on Tractor, November, 116

## E

### EARTHFILL

Backfilling by Saturation and Vibration, January, 63  
 Equipment Geared for Big Fill Job by L. L. Wise, September, 50  
 Fast Fleet Moves 5,000,000 Yd for Vermillion Valley Dam's Earth Fill, February, 64

### EARTHMOVING

Equipment Geared for Big Fill Job by L. L. Wise, September, 50  
 Fast Fleet Moves 5,000,000 Yd for Vermillion Valley Dam's Earth Fill, February, 64  
 Highway Construction Is Big . . . And It Uses Big Equipment, September, 58  
 Men and Machines Battle Moving Mountain, June, 158  
 Old Ditch Becomes New Canal, December, 52  
 Sonora Opens Area to Irrigation by Mary Saint Albans, May, 66  
 Two Job-Made Rigs for Sidecast and Finish-Grade Work, September, 57

### EDITORIALS

Coming Up: More and Better Roads, January, 49  
 Ph-e-ww! ! !, February, 53  
 A Little Progress; Promising Progress; All Hail the Tracks!, March, 53  
 Do You Really Know Your Costs?, April, 53  
 The Gates of Hell Stand Ajar, May, 53  
 Harold W. Richardson, June, 52  
 Richisms . . . From his editorials, June, 53  
 Perez Named Editor, July, 65  
 True Public Relations; False Design Economy; August, 53  
 Check the New Tax Law; Search Your Corporate Soul; September, 49  
 Future Unlimited, October, 49  
 Too Low or Too High?, November, 49  
 Take a Bow!, December, 51

### EDITORIALS (by McGraw-Hill)

No Room for Industrial Complacency, January, 163  
 Contrasts in Prosperity Endanger the Free World, March, 159  
 A 20-Year Record . . . The Electric Power Companies' Case for Public Confidence, April, 173  
 Our Colleges and Universities Face Grave Financial Problems, May, 192  
 "The Western Miracle" Continues . . . More Automatic Controls for Industry, October, 161  
 Next Steps in Atomic Progress . . . A Challenge to American Industry, November, 101

### EQUIPMENT

A Bigger Michigan by Clark, April, 180  
 A Clean Machine Is a Better Machine, September, 142

A 4-Day Quickie, September, 60  
 A New Switch on an Old Problem, October, 58  
 A Second Look—The Caterpillar No. 6 Tractor-Shovel, February, 105  
 Air-Blast Drilling, September, 132  
 Asphalt Paver Has Long Reach, December, 55  
 Assemble Your Own Lube Rig, July, 162  
 Athey Has a New Baby . . . A Big One by Ralph H. Lewis, April, 114  
 Backfilling by Saturation and Vibration, January, 63  
 Balanced Land-Clearing Operations, November, 74  
 Big Equipment Builds Chief Joseph Plant, June, 62  
 Big Paver-Finisher Built by Apsco, January, 116  
 Builders Use Crane, Towers to Erect Arches, December, 90  
 Chimney Reaches Record Height in 71 Pours, December, 60  
 Concrete Mixing and Placing Part 4: Scale Adjustments and Weighing Tolerances by T. B. Appel, Jr., January, 98  
 Concrete Mixing and Placing, Part 5: Highway and Airport Concrete Plants, February, 66  
 Concrete Mixing and Placing, Part 5. Highway and Airport Concrete Plants by T. B. Appel, Jr., March, 121  
 Concrete Mixing and Placing: Part 6a. Permanent Plant Facilities, April, 135  
 Concrete Mixing and Placing by Theodore B. Appel, Jr., Part 6b: Permanent Plant Facilities, May, 105  
 Concrete Mixing and Placing, Part 7. Ready-Mixed Concrete Plants by Theodore B. Appel, Jr., June, 110  
 Concrete Mixing and Placing, Part 8. Plants for Mass Concrete by T. B. Appel, Jr., August, 112  
 Concrete Mixing and Placing, Part 9. Controls for the Large Plant, by Theodore B. Appel, Jr., September, 100  
 Concrete Mixing and Placing, Part 10. How to Plan Forms in Detail, by Alan H. Pilling and Martin W. Boll, October 108  
 Concrete Mixing and Placing by Alan H. Pilling and Martin W. Boll, Part 10a. How to Plan Forms in Detail, November, 60  
 Concrete Mixing and Placing, Part 10b. How to Plan Forms in Detail by Alan H. Pilling and Martin W. Boll, December, 78  
 Concrete "Pot-Shots" Line Difficult Tunnel, February, 86  
 Construction Equipment News, July, 212  
 Contractor Licks Tough Footing Job, January, 176  
 Contractor's Drop Hammer Rig Hits Hard and Often, October, 52  
 Contractors Want Better Trucks by Ralph H. Lewis, July, 126  
 Conveyors Aid Asphalt Plant, October, 22  
 Cooler, Steadier Air With Jaeger's Rotor Compressor, October, 132  
 Corrugated Steel Forms for Concrete Floors, June, 164  
 Cummins Simplifies Fuel System, November, 92  
 Deep-Well Pumps Dewater Open-Sheeting Cofferdams, December, 70  
 Drill Jumbo Speeds Tailrace Excavation, October, 148  
 Driver Starts Overpass Foundation, October, 38  
 Drott Four-In-One Multiplies Shovel Utility by Ira F. Angstadt, August, 95  
 End-Welded Studs Support Wall Panels, September, 135  
 Equipment Geared for Big Fill Job by L. L. Wise, September, 50  
 50% More HP Claimed With New Belt Drive, August, 68

Field Shots Show the Big D9X in Action, September, 68  
 Four Cranes Emcee Bridge Girder Installation, August, 65  
 Finishing Machine Completely Hydraulic, March, 164  
 Ford Triple-Economy 1954 Trucks, February, 156  
 Forming and Pouring Concrete at Same Time Results in Sharply Reduced Project Costs, May, 87  
 Four Cranes Hold Split Towers, April, 184  
 Four Passes Widen Road, March, 143  
 Front Axle Drive Adds Utility, July, 142  
 Get Fast Starts in Cold Weather, November, 112  
 GMC Hydra-Matic Transmission Improves a Heavy-Duty Line, September, 78  
 Good Equipment Ideas Reduce Project Time, November, 72  
 Gradalls Pile Up High Score in 5 Years With TVA, March, 110  
 Grouted Rails Pin Sliding Railroad Bank, February, 54  
 Highway Construction Is Big And It Uses Big Equipment, September, 58  
 Hole Borer on Crane Gets Footings in Fast, May, 85  
 Hole-in-One Operation, February, 113  
 Homemade Hopper and Rollers Speed Reservoir Paving Job, January, 58  
 Hot-Mix Plant Turns Out 200 Tons an Hour, October, 64  
 How One Contractor Decides What Truck to Buy, April, 90  
 Hung Scaffolding Saves Money, October, 17  
 Huge Concrete Tanks Are Prestressed, January, 50  
 Hydraulic Concrete and Rock Buster, December, 98  
 Increase Blade Life, Use Less Power by J. D. Newkirk, April, 126  
 Interesting Techniques in Pipelining, May, 61  
 It Still Looks Like the Old D8 but Many Improvements Mark the New D8, March, 162  
 Jeep-Powered Equipment Can Do Many Jobs at Low Cost, February, 83  
 Kompactor Gives Specified Density in Fewer Passes, by Ralph H. Lewis, September, 90  
 Land-Type Equipment Builds Bridge off Wood Trestle and Finger Pier, March, 106  
 Latest in Equipment . . . Russian Version, March, 154  
 The Latest in Slipform Pavers, November, 90  
 Machine Bore Tunnel Through Shale, February, 57  
 Mobile Batch Plant Pays Off on Strung-Out Construction, December, 106  
 Mobile Scaffold Saves Man-Hours of Rigging, February, 61  
 Modern Concrete Shoring, September, 86  
 New Line of Harnischfeger Diesels Features More Power, Lighter Weight, April, 160  
 The New 1-Yd LS-98 Shovel-Crane, August, 130  
 One-Shot Pipe Bender, November, 164  
 Packaged Screed Lets Contractors Build Their Own, March, 60  
 Palletized Material Handling System Saves More Than 15% Masonry Cost, May, 90  
 Pave Turnpike With Plant-Mixed Concrete, December, 63  
 Picture of the Month, August, 40  
 Pier Form Is Safe, Strong, and Simple, November, 120  
 Pins Welded to Big Bell Hold Insulation, March, 61  
 Punches Rail Holes in 2½ Minutes, August, 170

Quick and Perfect, November, 38  
 Quick-Change Tool Package, October, 165  
 Rebuilt Road is High, Wide, and Handsome, January, 70  
 Re-Bigged Hammer Pulls Sheetpiles Easily, May, 99  
 Rig Pours Pipe in Place, September, 62  
 Round and Round They Go, January, 39  
 Self-Contained Crawler Drills Save Time and Manpower, December, 58  
 Self-Propelled Formless Paving Machine Lays 24-Ft Concrete Slab, March, 82  
 Semi-Automatic Welder Adapted to Magnetic Flux by New Process, July, 178  
 Set up a Diesel Fuel System Maintenance Shop for Yourself, July, 118  
 Shea Removes Track and Cleans Out Tunnel Invert at Lower Cost, September, 70  
 Shop-Made Crane Hook Saves Labor, Promotes Safety, November, 138  
 Single-Slope Liner Easy to Move, November, 58  
 Small but Tricky Pour Makes Unique Dome, June, 67  
 Small Tunneling Machine Halves Crew, Doubles Output by H. T. Perez, April, 150  
 Steel Strapping Secures Forms on Big Columns, September, 126  
 Stone Ladders Cut Breakage, September, 155  
 Take Magnetic Inspection Afield, July, 190  
 Tandem Saw Rig Cuts Pavement Joints by H. W. Richardson, March, 116  
 The Terratrak . . . Has Promise to Be a Champion by Ralph H. Lewis, May, 139  
 This Concrete Trowel Has Plenty of 'Heft', December, 126  
 Tractor Backhoe Mucks Out Rock at Tunnel Face, March, 138  
 Tractor-Loader Digs Clay . . . Loads From Stock Pile . . . Moves in Close to Dump, August, 149  
 Tractor-Mounted Moldboard Keeps Rolling Rocks From Busy Highway, November, 142  
 Tractor Windrow Loader . . . Medium Size, September, 138  
 Truck Crane Works From 40-Floor Level, March, 79  
 Truck Cranes Make Big Lifts Routine by Clayton M. Allen, January, 64  
 Trucks With Attachments . . . Contractors' Workhorses, December, 136  
 Twin-Engine Tractor Packs Plenty of Push, October, 98  
 Two Cranes Relocate 55,000-Gal Tank, July, 115  
 Two Job-Made Rigs for Sidecast and Finish-Grade Work, September, 57  
 Unique Drill Rig Rides on Tractor, November, 116  
 Vibrating Roller Densifies Granular Fills, December, 94  
 Want 30% More Mileage From Truck Tires?, March, 174  
 With the Proper Tools It's Easier . . . Especially on the Tough Pulling Jobs, August, 134  
 Wright Makes Single-Blade Reciprocating Saw, August, 110  
 You Can Use a Small Cableway, May, 61

#### EXCAVATING

A 4-Day Quickie . . . , September, 30  
 Deep-Well Pumps Dewater Open-Sheeting Cofferdams, December, 70  
 Drill Jumbo Speeds Tailrace Excavation, October, 148  
 Dual-Purpose Piles Cut Building Costs by Henry T. Perez, May, 54

Electricity Stiffens Clay Fivefold for Electric Plant Excavation by Richard Loughney, August, 70  
 Freezing Makes Shaft Sinking Easier, October, 54  
 Gradalls Pile Up High Score in 5 Years With TVA, March, 110

## F

#### FLOORS

Mastic Floor Laid in Big Warehouse, April, 101

#### FOREIGN

Australia to Get Power From Mountains, April, 61  
 Latest in Equipment . . . Russian Version, March, 154

#### FORMS

Elevated Highway Job Bristles With Good Ideas by H. T. Perez, January, 82

#### FOUNDATIONS

Dual-Purpose Piles Cut Building Costs by Henry T. Perez, May, 54  
 Footing in Loose Sand Supports 250 Tons, April, 95  
 Hole Borer on Crane Gets Footings in Fast, May, 85  
 Hole-in-One Operation, February, 113  
 Huge Concrete Tanks Are Prestressed, January, 50  
 Contractor Licks Tough Footing Job, January, 176

## H

#### HIGHWAYS

Asphalted Straw Blasted Into Crevices . . . Forms Tough Blanket to Help New Grass, November, 56  
 Coming Up: More and Better Roads, January, 49  
 Elevated Highway Job Bristles With Good Ideas by H. T. Perez, January, 82  
 Highway Construction Is Big . . . And it Uses Big Equipment, September, 58  
 Hot-Mix Plant Turns Out 200 Tons an Hour, October, 64  
 Madonna Paves 6 Miles in 14 Days, December, 56  
 Rebuilt Road is High, Wide and Handsome, January, 70  
 The Latest in Slipform Pavers, November, 90  
 Pave Turnpike With Plant-Mixed Concrete, December, 63  
 Self-Propelled Formless Paving Machine Lays 24-Ft Concrete Slab, March, 82  
 Skillful Blasting on New York Thruway Shatters Rock Safely on Edge of Town, May, 82

#### HISTORY OF CONSTRUCTION

As It Was in the Beginning, February, 196  
 As It Was in the Beginning, May, 224  
 The Sheep in Sheepfoot Roller, June, 220

#### HOISTING

Four Cranes Emcee Bridge Girder Installation, August, 65  
 Four Cranes Hold Split Towers, April, 184  
 Two Cranes Relocate 55,000-Gal Tank, July, 115

## I

#### INSTRUCTION

Concrete Mixing and Placing, Part 4: Scale Adjustments and Weighing Tolerances by T. B. Appel, Jr., January, 98  
 How to Lay Concrete Pressure Pipe by H. S. Price, Jr., January, 60  
 Night School Helps Supervisors, March, 186

#### INTERCHANGEABILITY

Engineer Corps Promotes Interchangeability, March, 65

#### INTERESTED IN FILMS?

July, 170

#### IT'S YOUR BUSINESS

Old Year Rings up New Construction Records; Competition and Labor Relations Top Construction, January 10; Contract Construction Has Largest Production Payrolls, January 12  
 Highway Needs Assure Bright Construction Future, February, 26; Federal Construction Budget, February, 26  
 Construction Set for Third Biggest Year, March, 10  
 Signs Point to Upturn in Contract Awards, April, 6  
 1954: Biggest Yet for Highways, May, 12; Equipment Purchases Will Hold Close to '53, May, 24  
 Nonbuilding Contractors Had Boom Year in '53, Private Work Sparks Construction Rise, June, 18; New Yardstick Shows Employment Up; Failures Drop But Squeeze Remains, June, 26  
 Business Booms in the Second Quarter, July, 18  
 Accent Is on Fewer Firms, More Capacity, August, 12  
 Enough Contractor Capacity? Competition—Effect on Bids and Bidders, November, 14  
 Clark Offers a Lease-Purchase Plan for Equipment, Third Quarter Business Looks Good, September, 18

Next Year Shapes Up Better, Equipment Shipments Turn Upward with Contracts, October, 24  
 "Pay As You Depreciate"; Highway Prices Reverse Downtrend, Climb 9-10% in Two States; Strong, Steady Flow of Proposed Work Swells Backlog to \$78-Billion High; Construction Put in Place to Break All Records in '55, December, 20

## J

#### JACKING

Bolts Secure Slab to Canyon Wall, August, 58  
 Huge Concrete Tanks Are Prestressed, January, 50  
 Towers Skidded to New Foundations, October, 68

#### JOB TALK

January, 20; February, 12; March, 24; April, 24; May, 6; June, 10; July, 6; August, 6; September, 6; October, 10; November, 6; December, 6

## L

#### LABOR

How to Improve Contractor-Labor Relations Part 3 . . . Job Supers Carry the Ball, March, 91  
 On-the-Job Contractor-Labor Relations by L. B. Kromer, Jr.  
 The Changing NLRB, January, 124  
 Arbitration, January, 128  
 The Administration Proposes Changes, February, 132  
 A Guaranteed Wage, April, 164  
 Status of Taft-Hartley Changes, April, 168

Congress and Taft-Hartley, May, 152  
 Welfare Funds Under Scrutiny, May, 155  
 Cooked, June 166  
 Negotiations—1954 Style, June 168  
 Overtime on Federal Construction, June 169  
 Your Shop Agreement, July, 182  
 NLRB Revises Jurisdiction, August, 156  
 Furnishing Payroll Data, August, 159  
 Wages on Federal Work, August, 159  
 Building Trades and AFL Executive Councils Meet, September, 144  
 Recent NLRB Decisions, September, 146  
 Dept. of Labor Sues Under Wage-Hour Law, September, 148  
 Welfare Funds, October, 177  
 Carpenter-Machinists Peace Pact, October, 178  
 Christmas Bonuses, December, 114  
 Taft-Hartley and NLRB, December, 114  
 To Help You With Collective Bargaining, January, 91  
 What the Readers Think . . . , February, 128

#### LAND-CLEARING

Balanced Land-Clearing Operations, November, 74  
 Tractor Knives Rip Roots, Stinger Arm Topples Tree, and Blower Fans Fire, November, 114

#### LITERATURE FROM MANUFACTURERS

January, 174; February, 182; April, 211; May, 208; June, 202; July, 204; August, 198; September, 201; October, 198; November, 169; December, 138

## M

#### MAINTENANCE

A Clean Machine Is A Better Machine, September, 142  
 Army Operates Huge Repair Depot in Japan, October, 59  
 Assemble Your Own Lube Rig, July, 162  
 Better Air Ups Engine Life and Output, October, 61  
 Brewster Thrives on Maintenance, July, 36  
 Brush-On Clutch Cure, January, 136  
 Check List Helps in Care of Hose, October, 173  
 Contractors Want Better Trucks by Ralph H. Lewis, July, 126  
 Do it Yourself Parts Kits—Thew-Lorain's New Idea, July, 176  
 Ease of Maintenance . . . Army Style, March, 66  
 Engine Overspeeding, July, 196  
 Give Your Brakes a Break, July, 144  
 How One Contractor Decides What Truck to Buy, April, 90  
 Increased Blade Life, Use Less Power by J. D. Newkirk, April, 126  
 Inventory of Manuals, July, 67  
 Is Your Job This Good?, September, 63  
 Lubrication Must Match Rough Service, November, 126  
 Maintenance Is Vigilance, July, 66  
 More Performance, Longer Wear With Elevator Conveyor Belts, October, 137  
 Off-the-Shelf Parts Service Cuts Gradall Overhaul Costs, August, 84  
 On Hardfacing, December, 6  
 One Lube, Applied on Schedule, Pays Off by A. Petrone, July, 138

One Machine Contractor Must Maintain, Too, July, 172  
 The Other Side of the Story, July, 196  
 Operation Winter, January, 136  
 Pre-Mix Anti-Freeze to Save Dollars, July, 58  
 Repair and Retread Those Big Tires, July, 134  
 Set up a Diesel Fuel System Maintenance Shop for Yourself, July, 118  
 Simplified Thread Repair Technique Cuts Down on Maintenance Problems, August, 164  
 Take Magnetic Inspection Afield, July, 190  
 Trailer Shops Sprout on Turnpike, August, 66  
 Traveling Shop Reconditions Big Drill Steel, July, 48  
 240 Miles of Equipment Maintenance, July, 102  
 Want 30% More Mileage From Truck Tires?, March, 174  
 With the Proper Tools it's Easier . . . Especially on the Tough Pulling Jobs, August, 134

#### MANAGEMENT

The Construction Dollar: Seven Helps to Spending It Wisely by H. E. Whitney, February, 116

#### MARINE OPERATIONS

Assembled Under Water, Precast Shells Become Bridge Piers by L. L. Wise, March, 62  
 Floating-in Speeds Bridge Erection, November, 50  
 Make One Job of Two Pipeline Crossings by Jim Crawford, May, 129

#### MASONRY

Palletized Material-Handling System . . . Saves More Than 15% Masonry Cost, May, 90

#### MATERIALS

Better-Type Coupling for Transite Pipe, May, 172  
 Builders Use Crane, Towers to Erect Arches, December, 90  
 Detonating Fuse Cuts Concrete Pipe, September, 140  
 Expanded Vermiculite Has a Lot to Offer, October, 74  
 How to Lay Concrete Pressure Pipe by H. S. Price, Jr., January, 60  
 Improved Methods Help Explosives Do a Better Job, June, 94  
 In This Efficient Yard, Reinforcing Bars Are Prepared for East Side Elevated Highway, May, 58  
 Light Panels Cover Buildings Rapidly, April, 108  
 Mastic Floor Laid in Big Warehouse, April, 101  
 Metal Bin Wall Shores Spur Track, August, 154  
 Mountain of Gravel Serves Alcan Project, December, 110  
 One Lube, Applied on Schedule, Pays Off by A. Petrone, July, 138  
 Pins Welded to Big Ball Hold Insulation, March, 61  
 Place Steel Roof Deck Fast, January, 56  
 Resurfaced Turnpike Has Wire in Asphalt, October, 126  
 Two Men, One Boy Lay Ten-Mile Plastic Pipeline, March, 59  
 "Whipped Cream" Concrete, November, 134  
 Wire Fabric Reinforces Asphalt on Pavement, January, 94  
**MATERIALS HANDLING**  
 A Little Progress, March, 53  
 Elevated Highway Job Bristles With Good Ideas by H. T. Perez, January, 82  
 Fork Truck Erects 50-Ft Trusses, March, 73

Mechanized Slab Handling Cuts Roof Cost, March, 56  
 Palletized Material-Handling System Saves More Than 15% Masonry Cost, May, 90  
 You Can Use a Small Cableway, May, 61

#### METHODS MEMO

January, 184; February, 196; March, 232; April, 228; May, 224; June, 220; July, 256; August, 212; September, 208; October, 216; November, 188; December, 152

#### MOVING

A Submarine Comes to Chicago, November, 104

## P

#### PAVING

Air Force Base Gets Thick Pavement, April, 54  
 Asphalt Paver Has Long Reach, December, 55  
 Highway Construction Is Big . . . And It Uses Big Equipment, September, 58  
 Homemade Hopper and Rollers Speed Reservoir Paving Job, January, 58  
 Hot-Mix Plant Turns Out 200 Tons an Hour, October, 64  
 The Latest in Slipform Pavers, November, 90  
 Madonna Paves 6 Miles in 14 Days, December, 56  
 Old Ditch Becomes New Canal, December, 52  
 Pavement Overlay Modernizes Airport Apron by Wilbur A. Blain, June, 78  
 Promising Progress, March, 53  
 Rebuilt Road Is High, Wide, and Handsome, January, 70  
 Resurfaced Turnpike Has Wire in Asphalt, October, 126  
 Self-Propelled Formless Paving Machine Lays 24-Ft Concrete Slab, March, 82  
 Wire Fabric Reinforces Asphalt on Pavements, January, 94

#### PERSONNEL

These Men Were Elected to Responsible Positions in AGC at Los Angeles Meeting, April, 82

#### PICTURE OF THE MONTH

Round and Round They Go, January, 39  
 It's Got Rocks in its Box, February, 40  
 Sphere Steps, March, 44  
 Lining the Side, April, 45  
 Two-Unit Portable Plant Supplies Turnpike Base, May, 41  
 Big Form on Way Out, June, 42  
 It's Loaded, August, 40  
 Batching Over Water Saves Space, September, 36  
 Driver Starts Overpass Foundation, October, 38  
 Quick and Perfect, November, 38  
 Steel Frame Goes Over Entrance, December, 40

#### PIERS

Assembled Under Water, Precast Shells Become Bridge Piers by L. L. Wise, March, 62  
 Cranes and Dinky Roll on Temporary Bridge Around Curve to Build Piers for Railroad Bridge by Joseph Goff, April, 67  
 Footing in Loose Sand Supports 250 Tons, April, 95  
 Precast Shells Become Bridge Piers by L. L. Wise, April, 64  
 Timely and Low-Cost Repairs Save Deteriorating Piling, March, 54

## FILES

Driver Starts Overpass Foundation, October, 38  
Dual-Purpose Piles Cut Building Costs by Henry T. Perez, May, 54

Footings in Loose Sand Supports 250 Tons, April, 95

Highway Construction Is Big and It Uses Big Equipment, September, 58

Low Ceiling Makes Tricky Pile Job, February, 140

Pneumatic Piles Support Landship for Army's Navy by Henry T. Perez, June, 58

Re-Rigged Hammer Pulls Sheetpiles Easily, May, 99

Timely and Low-Cost Repairs Save Deteriorating Piling, March, 54

## PIPELINES

Biggest Oil Pipeline Laid in a Hurry, August, 62

Interesting Techniques in Pipelining, May, 61

Make One Job of Two Pipeline Crossings by Jim Crawford, May, 129

Rig Pours Pipe in Place, September, 62

Two Men, One Boy Lay Ten-Mile Plastic Pipeline, March, 55

## POWER DEVELOPMENT

Australia to Get Power From Mountains, April, 61

## PRECASTING

Light Panels Cover Buildings Rapidly, April, 108

Precast Structural Members Produced on Floor Slab of Beef Exhibit Barn, April, 78

Prestressed Bridge Beams Cast-in-Place, May, 148

## PRESTRESSING

Huge Concrete Tanks Are Prestressed, January, 50

Precast Structural Members Produced on Floor Slab of Beef Exhibit Barn, April, 78

Prestressed Bridge Beams Cast-in-Place, May, 148

## R

### RAILROAD BUILDING

Metal Bin Wall Shores Spur Track, August, 154

### ROADBUILDING

Four Passes Widen Road, March, 143

Self-Propelled Formless Paving Machine Lays 24-Ft Concrete Slab, March, 82

### ROOFS

How to Install Chimney Flashing, February, 12

Mechanized Slab Handling Cuts Roof Cost, March, 56

Place Steel Roof Deck Fast, January, 56

## S

### SAFETY

Attack Accidents at Their Source by John D. Gallagher, June, 144

Brother! Here's a Costly Accident, March, 136

Do You Worry Your Family?, November, 98

Film Portrays Big Equipment Accidents, February, 74

First Aid Handles (Knuckle Bands and All-Weather First-Aid Kit), March, 178

Keep Your Job Safe, August, 162

Safe Tunneling Wins Award, August, 172

Shop-Made Crane Hook Saves Labor, Promotes Safety, November, 138

## SALES AND SERVICE

January, 138; February, 144; March, 180; May, 174; June, 170; July, 240; August, 166; September, 161; October, 154; November, 128

## SAWING

Tandem Saw Rig Cuts Pavement Joints by H. W. Richardson, March, 116

## SEWERS

How to Lay Concrete Pressure Pipe by H. S. Price, Jr., January, 60

Small Tunneling Machine Halves Crew, Doubles Output by H. T. Perez, April, 150

## SHAFTS

Freezing Makes Shaft Sinking Easier, October, 54

## SHORING

Modern Concrete Shoring, September, 86

## STEEL BENDING

In This Efficient Yard, Reinforcing Bars Are Prepared for East Side Elevated Highway, May, 55

## STEEL ERECTION

Bolt Buildings Now, August, 6

Box-Shaped Girders Make Rigid Bents, May, 160

Floating-in Speeds Bridge Erection, November, 50

Fork Truck Erects 50-Ft Trusses, March, 73

Highway Construction Is Big and It Uses Big Equipment, September, 58

Truck Crane Works From 40-Floor Level, March, 79

## STRUCTURE MOVING

Towers Skidded to New Foundations, October, 68

## T

### TRENCHING

Digging Circles, August, 6

### TUNNELS

A 50-mgd Water Supply at Low Cost, April, 58

Concrete "Pot-Shots" Line Difficult Tunnel, February, 86

Digging Tecolote Tunnel Is Hot Work by Larry Wise, June, 54

Machine Bores Tunnel Through Shale, February, 57

Rock Bolting, June, 162

Shea Removes Track and Cleans Out Tunnel Invert at Lower Cost, September, 70

Small Tunneling Machine Halves Crew, Doubles Output, by H. T. Perez, April, 150

Sonora Opens Area to Irrigation by Mary Saint Albans, May, 66

Tractor Backhoe Mucks Out Rock at Tunnel Face, March, 138

## W

### WATERPROOFING

Old Reservoir Restored by Gunned Concrete by William B. Johnson, August, 138

### WATER SUPPLY

A 50-mgd Water Supply at Low Cost, April, 158

## WELDING

Box-Shaped Girders Make Rigid Bents, May, 160  
Electrode Removes Heavy Weld Metal, October, 10

Increase Blade Life, Use Less Power by J. D. Newkirk, April, 126

On Hardfacing, December, 6

Pins Welded to Big Ball Hold Insulation, March, 61

Place Steel Roof Deck Fast, January, 56
